ATTENTION PARENTS and others interested in our children's education: This is the year of Chicago Public School Reform. If you think Edgewater Glen deserves a really first-rate neighborhood public school and want to see how Hayt Elementary fits the bill, you are invited to an informal meeting at Charnan Simon and Tom Kazunas's house, 1329 West Hood on Tuesday, May 2, at 7:30 p.m. Don Hill, Principal of Hayt, will be present, along with teachers, parents of currently enrolled students, and other community leaders. Call 262-1472 for more information.

OPOSSUMS SPOTTED IN THE GLEN. Ald. Kathy Osterman has received numerous complaints about the large number of opossums in the Glen. She has met with the Dept. of Animal Care and Control and learned that these animals are protected by law against being killed. They must be trapped and relocated by the Dept. of Animal Care and Control or by a private service. Last year, more than 2,000 animals were trapped. In order to capture the animals, the Department must have an address where the animals are living or feeding (under a porch, in a garage, vacant lot, chimney, etc.) in order to set their traps. Contact the Dept. of Animal Care and Control at 650-1400, or John Trick at Ald. Osterman's office at 784-5277.
