

COMMUNITY MEETING

"YOUTH PROGRAMS" PRESENTED BY ALTERNATIVES, INC. MONDAY EVENING 8:00 P.M. NOVEMBER 22, 1976 GRANVILLE PRESBYTERIAN CHURCH 6151 N. GREENVIEW

Youth problems and programs are a concern to many people in the Community. The parents of young children concerned about what will happen as their children become teenagers. Older people in the community wondering why young adults are "hanging around". Parents with teenagers all interested in knowing what programs are available for their children. These are but a few of the situations and circumstances that people of all ages within the community are faced. Does the community have resources to deal with youth problems? Did you know that there are many resources, both governmental and voluntary agencies, which are very active and effective within the community. The problem is that people are not aware of the agencies and what services they provide. Problems can't be solved unless people know of the resources available for solving those problems. One such agency in the community is Alternatives, Inc. This voluntary agency has been working on youth programs for the past several years. Do you know what they have to offer? Are you aware of their efforts and the resources they have for positive action whether it be a drug problem, family counselling or general youth activity. On Nov. 22, 1976 the Edgewater-Glen Association is sponsoring a general meeting at which time Alternatives, Inc. will have representatives available to discuss their programs and how we can help them to be more effective. The meeting will be held at the Granville Presbyterian Church, 6151 N. Greenview. It will start at 8:00 p.m. and end at approximately 9:30 p.m. with refreshments afterwards. Please plan to attend. Support of Community service resources and your Edgewater-Glen Association is important in keeping Edgewater-Glen one of the finest neighborhoods in the City of Chicago.
