

## GlenFest '93 "a smashing success"

Glenfest '93 surpassed all expectations with over 300 people attending our annual event. Everyone enjoyed Barney, Bingo, the two petting zoos, the Jumping Jack, Sassy the Clown, a wonderful bike parade, as well as a chance to win some fantastic prizes donated to our organization. It is at events such as this that many of us get to meet new people and develop new friendships

which not only enrich our lives but over the years will strengthen the Edgewater Glen Community.

I would like thank all the wonderful volunteers and contributors who helped to make our "fest the best!" I look forward to next year's fest being even bigger and better! *Tim Mitchell, President EGA.*

### **Community Policing - Off and "running?"**

The much touted community policing program began in our 24th police precinct this Spring. Up to a dozen meetings have been held for our beat (33) already.

Some of those meetings have been for the residents of the entire beat, bounded by Devon, the Lake, Thorndale/Elmdale and Ravenswood. While others have been for parts of the beat or with just the "elected" beat representatives.

Keep in mind that the elections held so far are only semi-formal. That is to say that we are working with an idea in progress that we construct as we go along.

So if anyone is feeling left out or if you don't like the direction things are taking, then by all means speak up. Remember, no one has a monopoly on how community policing is supposed to work.

If you think that it's off to a slow start you are quite right. But progress here is gaged by its on-going nature not by how far it has gotten.
