Are you satisfied?

We welcome DelRay Farms to the neighborhood but at several community meetings, they promised that signage would be "tasteful." Several people have complained that it is not. What to do? Complain to them if you are not satisfied.

Word is that Dominick's is planning a huge remodeling project for their Broadway store. We welcome the improvement, but new large signs tied to the fences have been criticized by several people in the neighborhood. What to do? Complain to them.
